

TauRx Therapeutics Ltd

Vacancy

GxP Specialist

TauRx are seeking to recruit a GxP Specialist.

Role Purpose:

Assists the Head of QA and other GxP Specialists with all aspects of clinical compliance and quality management activities including document review, internal systems review and oversight of external site and vendor audits and follow up.

Reviews and assesses quality metric trends e.g. from audits to ensure that satisfactory corrective and preventive action plans are established, monitored and confirmed.

Provides GxP guidance to the company, ensuring that appropriate systems, processes and documented procedures are in place which comply with applicable regulations, guidelines and study and company requirements.

Education:

- A Science degree or degree in Quality Management is mandatory
- Higher degree in science, medically related discipline or Quality Management is also desirable

Experience:

- Must have considerable pharmaceutical or allied industry experience, including direct quality assurance or regulatory compliance
- Working knowledge of GCP/ICH and FDA regulations and guidelines and international regulatory practices and how this interfaces with other GxPs

This is a full-time, permanent position based at our Aberdeen office.

Further information and a full job description is available from the HR Department.

Applications should be made in writing by forwarding a covering letter and CV to HR@taurx.com

Closing Date: 13th April 2018
